

 Kofax Power PDF

Kofax Power PDF

Kofax Power PDF is the perfect PDF software for business users; providing a convenient, accurate and simple solution that offers conversion, editing, forms and collaboration processes. Power PDF allows business users to maximise productivity by consolidating the capturing, converting and routing process.

Creating PDFs

PDFs can be instantly created or converted from almost any application.

Emails to PDF

Emails can be converted to PDF files, maintaining attachments and links. Power PDF is compatible with the leading email clients: Microsoft Outlook and Lotus Notes.

Document Conversion

Power PDF is able to convert complex layouts, text and graphics into most document applications such as Microsoft Word, Microsoft Excel, Microsoft PowerPoint and Corel WordPerfect.

Security

Protect PDF files with secure 128-bit or 256-bit AES encryption and permission controls. Documents can also be protected with custom security through Microsoft Active Directory or Microsoft Azure Rights Management Services.

Output Management

Advanced controls allow for users to redact confidential or restricted data.

Automated Workflows

Simplify document processing with automated workflows, allowing users to capture, convert and redact with ease.

Versatile

Power PDF can connect to all major document management systems: EMC Documentum, iManage Work, LiveLink, NetDocuments, Office 365, OpenText eDOCS, OpenText Enterprise Connect, SharePoint Document Management Systems, Therefore, Xerox DocuShare.

Key Benefits

- Create and assemble PDFs easily from any application
- Accurately convert PDFs into editable Microsoft Office documents
- Sign and send PDFs for signature using DocuSign®
- Create PDFs that are compatible with the ISO PDF 2.0 file format
- Enhance document security with powerful encryption, digital signatures and rights management
- Work with PDFs on touch-enabled portable Windows 10 devices
- Enjoy the same navigation experience as in Microsoft Office
- Work with any PDF forms
- Streamline document reviews and collaboration
- Connect directly with document management systems and cloud file-sharing sites
